

A Penny for your Thoughts

25-26 September 2017

Senate House, London

A Penny for Your Thoughts is a workshop on social cognition, exploring how culture and values, friends and family, define who we are, and help us to make sense of the social environment. The event brings together scientists of the mind with varied approaches to the study of interactions, ranging from developmental psychology and cognitive neuroscience, to neurobiology and clinical psychology, with the goal to spark discussion and future collaborations.

Scientific Organisation

A Penny for Your Thoughts is sponsored by the British Council's UK-Israel SYNERGY Programme, and organised by the team of *The Human Mind Project* at the School of Advanced Study, University of London. *The Human Mind Project* is an inclusive and interdisciplinary hub facilitating dialogue and debate on the human mind. For more information and to register for the event please visit www.humanmind.ac.uk. Follow us on Twitter [@HumanMindDebate](https://twitter.com/HumanMindDebate).
